Training Outline

Get REAL with Ministry

Explore a Biblical model of ministry that takes seriously the need to build relationships, teach the Bible, model the gospel and see young lives radically changed by the power of God's Word and His Spirit.

Get REAL Ministry Working

A group discussion around the principles from Session 1 and how they might apply at your church given the resources you have. This is a great session for both teams and individuals.

Get a REAL Lesson Together

Learn to unpack a Bible passage and get it ready for age-appropriate teaching. You will leave this session with a complete lesson including a warm-up activity, ideas for visual aids and a consolidation activity.

Thanks very much for Saturday. It's changed my whole approach to lesson planning. Great stuff!

It was such a great help for me and all the team I lead.

I wanted to say a massive thank you on behalf of our Youth and Junior Church team for your input to our children's ministries on Saturday. We are so grateful for the teaching, encouragement, discipline, validation, wisdom, food for thought and wealth of ideas we now have to put into practice.
